- Pop Up Café

Wednesday 26th

- Whole School Assembly
- Pop Up Café

Friday 28th

- Athletics Carnival

Year 8 students have been experiencing Lino printing with mapping memories inspired by Badger Bates.

Badger Bates is an Aboriginal artist of the Barkindji people of the far-western region of New South Wales. He is best known for his lino prints, which explore the cultural heritage and environmental significance of sites throughout the region.

A small school with big hearts and bigger opportunities

Principal's Message

It has been a successful Term across the school with students continuing to achieve positive growth. Reading through the school reports it was great to see how many students are engaging and achieving outcomes across all Key Learning Areas. This Term we have had a strong focus on literacy and will continue to drive literacy growth across the school to ensure that students are having success in this area.

I have been impressed with the work that is happening within Primary School classrooms this Term. I have been able to observe that quality teaching within these classrooms and the impact this is having on learning and the engagement of the students. Our Kindergarten class had the opportunity to discuss their experiences to the Bundarra Pre-School today. They will get up and speak in front of the students at Pre-School and discuss what BIG school has been like for them, what is their favourite thing to do and what they have learnt.

On Friday's students have been working with Miss Lauren on Indigenous Art. This process is about developing their passion for art and at the same time their knowledge and understanding of Indigenous perspectives. I am looking forward to the continued development of this program and working with our students, staff, parents and community to deepen the understanding of Aboriginal Histories, perspectives, and languages by promoting a culturally welcoming school environment that is reflected in the culture of the school community.

Our continued focus has been the high expectations set by our teachers and students. We are driving our Positive Behaviours for Learning (PBL). Responsibility, Involvement, Success and Excellence are our values when it comes to PBL. We want to ensure that students are respectful and ready to learn in every classroom environment including the playground. Our teachers have high expectations for every student and will continue to deliver a consistent message across the school. This will be supported as we move into next term through new signage around the school that will promote PBL, and a positive school culture built on High Expectations.

Finally, I would like to wish everyone a safe and relaxing holiday and I look forward to starting strong for term 3.

Mr Justin Stewart
Relieving Principal

PBL Rewards Day

Our first Positive Behaviour for Learning rewards day for the year has finally arrived and is taking place in Week 10 on Tuesday, 27 June 2023. Congratulations to the 25 students who have been invited to attend the day, going ten pin bowling and having pizza at Inverell.

For students to qualify for the rewards day, they needed to have gained their Bronze Award or higher, met the attendance criteria of 85%, and had positive behaviour with no more than 2 yellow (low level) negative behaviour entries this semester.

Well done to those students attending and we look forward to more students meeting expectations and attending the next one at the end of the year.

Secondary News

It is amazing how fast Term 2 has passed, it only seems like yesterday that the Term had started! As we head towards the winter holidays, I would like to commend Year 12 for their efforts this Semester as they will enter their final Term of school next Term.

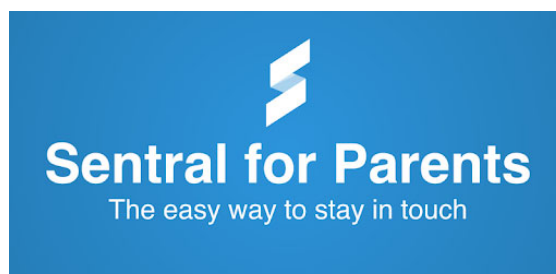

The HSC Trials will be occurring in Weeks 5 and 6 next Term, and I would like to remind Year 12 students that they need to maintain the momentum in their studies. Year 12 students are encouraged to seek guidance regarding holiday study and to ensure all assessment tasks are completed. Students are also encouraged to visit the NESA website to go through past papers and marking criteria, it will ensure no surprises for the Trial HSC next Term.

I wish everyone a happy, warm and safe break and look forward to Term 3 commencing on Tuesday 18th July.

Mr Richard Sowden
Relieving Deputy Principal

Indigenous Art Therapist Miss Lauren engages our students to establish connections by developing their knowledge and understanding of Aboriginal Culture through art, language and Aboriginal perspectives. Today she was stimulating their cultural experiences to enhance their identity and wellbeing through the immersion in Indigenous Art Therapy.

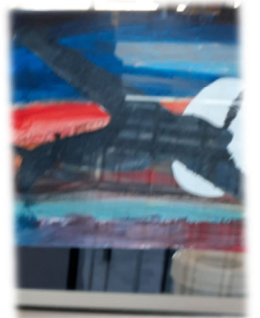

The Sentral for Parents app allows you to monitor your child's school journey simply and efficiently. You will find numerous smart features that help streamline your day. Receive messages and notifications from teachers, report absences, school calendar, activities, newsletters and academic reports. Please contact the friendly staff if you require assistance in setting up the App.

5/6 in Term 2

5/6 have had a great Term 2 of learning and have participated in a variety of activities. The term began with ANZAC Day service with many students attending which was followed up by our school ANZAC Assembly. Students experienced the art work at *Bulagaranda (Mt Yarrowyck)* after an interesting walk up to the cave paintings. The girls participated in the immersion excursion to the *Petrified Woman* whilst the boys spent the day at school with Mrs Light doing craft making and sport.

Throughout the term students have participated in a dance program, choir and recently the golf clinic. Students were able to develop their skills and demonstrate their skills with the coaches of golf. Many budding golfers in 5/6.

Students have participated in a dance program and choir for the term. Ms O'Brien has been teaching students a clay based program in Art. They have also created art works connected to events throughout the term and are currently working on entries for the Bundarra Show Society Schedule. Year 5 have had a focus on how to draw pictures (like the koala pictures below) on a Wednesday afternoon whilst Year 6 are at sport with Secondary. Year 5 have been following up lessons with Kahoot! topics related to a variety of key learning areas.

Primary News

How fantastic it is to have all students wearing their green broad brimmed hats at school. There has been an odd student forgetting their hat so parents we ask that these hats remain in bags, so they are there for the following day. Sun protection is very important at a young age and even if it is wintertime.

There are a few jumpers around in classrooms with out names and it appears without owners, if you know your child is missing a jumper, please contact the school. A reminder about placing names on clothing especially if you have a second hand one and the old students' name is on the jumper it makes finding an owner very difficult.

K- 6 students participated in a golf clinic over the last two weeks. They had a session at school playing games and learning skills. This was followed by a session at the golf course practicing driving and learning how to use a green. Some students drove their golf balls a great distance aiming for targets. Many students were close to the pin and a few managed a hole in one. As the coaches are paid by Golf NSW we will be using the Sporting Schools grant to purchase some equipment at school so golf can be included in future sport lessons.

Students are looking forward to the Chamber of Music performance on Monday June 26. Remember to send a gold coin with your children to contribute towards the cost of the performance. We are lucky to have the Conservatorium of Music close by at Armidale for them to provide the opportunity for extra-curricular experiences.

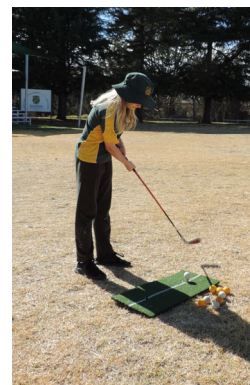

Some students will be looking forward to the PBL rewards day to be held in Week 10, this is a celebration of attendance and behaviour for the first half of the year.

Thank you to the parents who were able to make it to Parent/Teacher Interviews to discuss the learning and development of children. If you require an interview with the class teacher at another time, please contact the office to make an appointment and teachers will get back to you to make arrangements.

Please keep an eye out for your child's report in the mail. Teachers would appreciate you spending some time to discuss read and share the report with students, so they are aware of the comments, where they are at and where they need to continue working towards for the remainder of the year.

Vicki Light
Assistant Principal

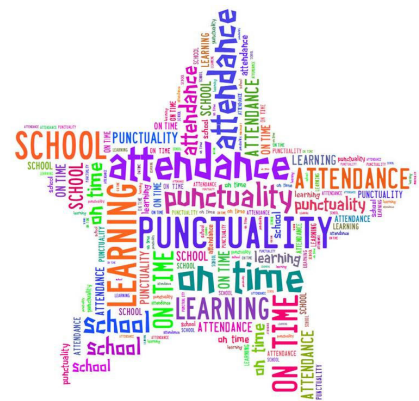

Congratulations Attendance

Congratulations to Elijah Sisson, Lexie Ridgewell and Macey Davis for winning the canteen vouchers for Weeks 6-8 for the weekly 100% Attendance draw.

Acknowledging students attendance of >95% for Weeks 7-9 Term 2.

Cutlery / Cups etc are supplied with the foods that are ordered- if more is required a price of 10c each.

Dear parents, guardians and carers

Re: Nationally Consistent Collection of Data on School Students with Disability (NCCD)

Every year, all schools in Australia participate in the Nationally Consistent Collection of Data on School Students with Disability (NCCD). The NCCD process requires schools to identify information already available in the school about supports provided to students with disability. These relate to legislative requirements under the *Disability Discrimination Act 1992* and the Disability Standards for Education 2005, in line with the *NCCD guidelines* (2019).

Information provided about students to the Australian Government for the NCCD includes:

- year of schooling
- category of disability: physical, cognitive, sensory or social/emotional
- level of adjustment provided: support provided within quality differentiated teaching practice, supplementary, substantial or extensive.

This information assists schools to:

- formally recognise the supports and adjustments provided to students with disability in schools
- consider how they can strengthen the support of students with disability in schools
- develop shared practices so that they can review their learning programs in order to improve educational outcomes for students with disability.

The NCCD provides state and federal governments with the information they need to plan more broadly for the support of students with disability.

The NCCD will have no direct impact on your child and your child will not be involved in any testing process. The school will provide data to the Australian Government in such a way that no individual student will be able to be identified – the privacy and confidentiality of all students is ensured. All information is protected by privacy laws that regulate the collection, storage and disclosure of personal information. To find out more about these matters, please refer to the [Australian Government's Privacy Policy](https://www.education.gov.au/privacy-policy) (<https://www.education.gov.au/privacy-policy>).

Further information about the NCCD can be found on the [NCCD Portal](https://www.nccd.edu.au) (<https://www.nccd.edu.au>).

If you have any questions about the NCCD, please contact the school.

Kind regards

Principal (Rel)
